PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of Incyte Pharmaceuticals, Inc., a Delaware corporation (the "Company"), of proxies in the accompanying form to be used at the Annual Meeting of Stockholders of the Company to be held at the Company's offices at 3160 Porter Drive, Palo Alto, California, on Tuesday, June 8, 1999, at 10:00 A.M., Pacific Daylight Time, and any adjournment thereof (the "Annual Meeting"). The shares represented by the proxies received in response to this solicitation and not properly revoked will be voted at the Annual Meeting in accordance with the instructions therein. A stockholder who has given a proxy may revoke it at any time before it is exercised by filing with the Secretary of the Company a written revocation or a duly executed proxy bearing a later date or by voting in person at the Annual Meeting. On the matters coming before the Annual Meeting for which a choice has been specified by a stockholder by means of the ballot on the proxy, the shares will be voted accordingly. If no choice is specified, the shares will be voted "FOR" the election of the six nominees for director listed in this Proxy Statement and "FOR" approval of the proposals referred to in Items 2 and 3 in the Notice of Annual Meeting and described in this Proxy Statement.

Stockholders of record at the close of business on April 12, 1999 (the "Record Date"), are entitled to vote at the Annual Meeting. As of the close of business on that date, the Company had 27,889,842 shares of common stock, \$.001 par value (the "Common Stock"), outstanding. The presence in person or by proxy of the holders of a majority of the Company's outstanding shares constitutes a quorum for the transaction of business at the Annual Meeting. Each holder of Common Stock is entitled to one vote for each share held as of the Record Date.

Directors are elected by a plurality vote. The other matters submitted for stockholder approval at the Annual Meeting will be decided by the affirmative vote of the majority of the shares represented in person or by proxy and entitled to vote on each such matter. Abstentions with respect to any matter are treated as shares present or represented and entitled to vote on that matter and thus have the same effect as negative votes. If a broker which is the record holder of shares indicates on a proxy that it does not have discretionary authority to vote on a particular matter as to such shares, or if shares are not voted in other circumstances in which proxy authority is defective or has been withheld with respect to a particular matter, these non-voted shares will be counted for quorum purposes but are not deemed to be present or represented for purposes of determining whether stockholder approval of that matter has been obtained.

The expense of printing and mailing proxy materials will be borne by the Company. In addition to the solicitation of proxies by mail, solicitation may be made by certain directors, officers and other employees of the Company by personal interview, telephone or facsimile. No additional compensation will be paid to such persons for such solicitation. The Company will reimburse brokerage firms and others for their reasonable expenses in forwarding solicitation materials to beneficial owners of the Common Stock.

This Proxy Statement and the accompanying form of proxy are being mailed to stockholders on or about April 26, 1999.

IMPORTANT

PLEASE MARK, SIGN AND DATE THE ENCLOSED PROXY AND RETURN IT AT YOUR EARLIEST CONVENIENCE IN THE ENCLOSED POSTAGE-PREPAID RETURN ENVELOPE SO THAT, WHETHER YOU INTEND TO BE PRESENT AT THE ANNUAL MEETING OR NOT, YOUR SHARES CAN BE VOTED. THIS WILL NOT LIMIT YOUR RIGHTS TO ATTEND OR VOTE AT THE ANNUAL MEETING.

REPORT OF THE COMPENSATION COMMITTEE
OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

This report on executive compensation is provided by the Compensation Committee (the "Compensation Committee") and the Management Stock Option Committee (the "Option Committee") of the Board of Directors to assist stockholders in understanding their objectives and procedures in establishing the compensation of the Company's executive officers and describes the bases on which 1998 compensation determinations were made by the Compensation Committee. The Compensation Committee is comprised of four non-employee directors and the Option Committee is comprised of three non-employee directors. In making their determinations, the Compensation Committee and the Option Committee relied, in part, on independent surveys and public disclosures of compensation of management of companies in the biotechnology and biopharmaceutical industries.

COMPENSATION PHILOSOPHY AND OBJECTIVES

The Compensation Committee believes that compensation of the Company's executive officers should:

- Encourage creation of stockholder value and achievement of strategic corporate objectives.
- Integrate compensation with the Company's annual and long-term corporate objectives and strategy, and focus executive behavior on the fulfillment of those objectives.
- Provide a competitive total compensation package that enables the Company to attract and retain, on a long-term basis, high caliber personnel.
- Provide total compensation opportunity that is competitive with companies in the biopharmaceutical and biotechnology industries, taking into account relative company size, performance and geographic location as well as individual responsibilities and performance.
- Align the interests of management and stockholders and enhance stockholder value by providing management with longer term incentives through equity ownership by management.
- Provide fair compensation consistent with internal compensation programs.

KEY ELEMENTS OF EXECUTIVE COMPENSATION

The compensation of executive officers is based upon the Company's financial performance as well as an evaluation of the Company's progress in the creation and refinement of a unique genomic information business model, the establishment of additional database collaborations, the Company's achievement of certain business objectives, including the closing of acquisitions of businesses and technologies that may expand or enhance the Company's existing business, the execution of corporate and collaborative agreements, the expansion of the Company's business and the attainment of certain operational and research and development milestones in the Company's technology development programs, as well as the achievement of individual business objectives by each executive officer. The Company's existing compensation structure for executive officers generally includes a combination of salary and stock options and may include cash bonuses for performance determined to be deserving of such bonuses by the Compensation Committee.

Salary. Salary levels are largely determined through comparisons with companies of similar headcount and market capitalizations or complexity in the biopharmaceutical and biotechnology industries. Actual salaries are based on individual performance contributions within a competitive salary range for each position that is established through job evaluation of responsibilities and market comparisons. The Compensation Committee, on the basis of its knowledge of executive compensation in the industry, believes that the Company's salary levels for the

executive officers are at a level that the Compensation Committee, at the time such salary determinations were made, considered to be reasonable and necessary given the Company's financial resources and the stage of its development. In December 1998, the Compensation Committee set annual salaries for 1999. The Compensation Committee reviews salaries on an annual basis, with the next annual review scheduled to occur in December 1999. At such time, the Compensation Committee may change each executive officer's salary based on the individual's contributions and responsibilities over the prior 12 months and any change in median comparable company pay levels.

Stock Options. The Company intends that certain compensation paid to management in 1998, including stock options, be exempt from the limitations on deductibility under Section 162(m) of the Internal Revenue Code. Accordingly, the Board established the Option Committee to administer grants under the Company's 1991 Stock Plan to members of management. The Compensation Committee and the Option Committee believe that by providing those persons who have substantial responsibility for the management and growth of the Company with an opportunity to increase their ownership of Company stock, the best interest of stockholders and executive officers will be closely aligned. Therefore, executive officers are eligible to receive stock options when the Compensation Committee performs its annual salary review; although the Option Committee, at its discretion, may grant options at other times in recognition of exceptional achievements. The number of shares underlying stock options granted to executive officers is based on competitive practices in the industry as determined by independent surveys and the Option Committee's knowledge of industry practice.

CHIEF EXECUTIVE OFFICER COMPENSATION

Roy A. Whitfield is the Company's Chief Executive Officer. In December 1997, the Compensation Committee set Mr. Whitfield's annual base salary for 1998 at \$290,000. The Compensation Committee increased Mr. Whitfield's salary for 1998 in recognition of his performance in advancing the development and growth of the Company and the Company's achievement of specific corporate objectives, which included the following: the achievement of additional collaborations; the financial performance of the Company, including achievement of profitability in each quarter of 1997 (prior to the effects of acquisitions); the performance of the Company's Common Stock; elucidation of strategies for future Company growth in revenues and profitability; efforts in connection with acquisitions of technologies and businesses that might expand or enhance the Company's business; the further establishment and development of the Company's database business and the expansion thereof; and the compensation of the Company's management relative to biotechnology industry norms and to other employees in the Company. The Committee determined that these achievements were important to the Company's future growth and could assist the Company in enhancing stockholder value and, accordingly, determined to reward Mr. Whitfield for his efforts on behalf of the Company.

In recognition of Mr. Whitfield's accomplishments, and as an incentive for future performance, the Option Committee in December 1998 granted Mr. Whitfield options, exercisable at the fair market value on the date of grant, to purchase 25,000 shares of the Company's Common Stock. The size of Mr. Whitfield's grant was determined by management's and the Company's performance in 1998, including the achievement of additional collaborations, the financial performance of the Company, the performance of the Company's Common Stock, the further establishment and development of the Company's database and microarray businesses and expansion thereof, the consummation of the acquisitions of Synteni and Hexagen and the integration of the respective businesses into the Company's business, and the Company's efforts to expand its business to include genomic sequencing, genomic mapping and SNP discovery products and services.

The Company's policy is generally to qualify compensation paid to executive officers for deductibility under Section 162(m) of the Internal Revenue Code. However, the Company reserves the discretion to pay compensation to its executive officers that may not be deductible.

Mr. Whitfield is a member of the Board of Directors, but did not participate in matters involving the evaluation of his own performance or the setting of his own compensation.

PROPOSAL 2

PROPOSAL TO AMEND THE INCYTE PHARMACEUTICALS, INC. 1991 STOCK PLAN

In February 1999, the Board of Directors approved an amendment to the Company's 1991 Stock Plan (as amended, the "Stock Plan"), subject to the approval of the Company's stockholders at the Annual Meeting. The following summary of the principal features of the Stock Plan is qualified by reference to the terms of the Stock Plan, a copy of which is available without charge upon stockholder request to Richard Morales, Incyte Pharmaceuticals, Inc., 3174 Porter Drive, Palo Alto, California 94304.

SUMMARY OF AMENDMENTS

The amendment to the Stock Plan approved by the Board of Directors and submitted for stockholder approval consists of an increase in the number of shares of Common Stock reserved for issuance under the Stock Plan from 6,300,000 to 7,400,000.

STOCK PLAN

The Stock Plan was adopted by the Board of Directors in November 1991 and first approved by the Company's stockholders in December 1991. The purpose of the Stock Plan is to assist the Company in the recruitment, retention and motivation of employees and of independent contractors who are in a position to make material contributions to the Company's progress. The Stock Plan offers a significant incentive to the employees and independent contractors of the Company by enabling such individuals to acquire the Common Stock, thereby increasing their proprietary interest in the growth and success of the Company.

The Stock Plan provides for the direct award or sale of shares of Common Stock and for the grant of both incentive stock options ("ISO") to purchase Common Stock intended to qualify for preferential tax treatment under Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), and nonstatutory stock options ("NSO") to purchase Common Stock that do not qualify for such treatment under the Code. All employees (including officers) of the Company or any subsidiary and any independent contractor who performs services for the Company or a subsidiary are eligible to purchase shares of Common Stock and to receive awards of shares or grants of NSOs. Only employees are eligible to receive grants of ISOs. As of December 31, 1998, 726 employees were eligible to be considered for the grant of options under the Stock Plan. Options to purchase more than 400,000 shares may not be granted in a single calendar year to any participant in the Stock Plan.

A total of 7,400,000 shares of Common Stock (including 1,100,000 shares subject to stockholder approval at the Annual Meeting) have been reserved for issuance under the Stock Plan. If any option granted under the Stock Plan expires or terminates for any reason without having been exercised in full, then the unpurchased shares subject to that option will once again be available for additional option grants. As of December 31, 1998, the Company had outstanding options under the Stock Plan to purchase an aggregate of 3,954,086 shares of Common Stock at exercise prices ranging from \$0.50 to \$47.00 per share, or a weighted average per share exercise price of \$19.66. A total of 2,381,447 shares of Common Stock (including 1,100,000 shares subject to stockholder approval at the Annual Meeting) are available for future issuance under the Stock Plan.

The Compensation Committee and the Option Committee (collectively, the "Committee") have not made any determination with respect to future awards under the Stock Plan, and any allocation of such awards will be made only in accordance with the provisions of the Stock Plan, including the additional shares of stock that the stockholders are being asked to approve. The Company believes that the granting of options is necessary to attract the highest quality personnel as well as to reward and thereby retain existing key personnel. Moreover, the attraction and retention of such personnel is essential to the continued progress of the Company which ultimately is in the interests of the Company's stockholders.

As of December 31, 1998, the following persons or groups had in total, received options to purchase shares of Common Stock under the Stock Plan as follows: (i) the Chief Executive Officer and the other executive officers named in the Summary Compensation Table: Mr. Whitfield, 354,400 shares, Dr. Scott, 344,400 shares, and Dr. Gilbert 325,000 shares; (ii) all current executive officers of the Company as a group: 1,023,800 shares; (iii) all current directors who are not executive officers as a group: 20,000 shares; (iv) each nominee for director (other than the two directors listed in (i) above): Dr. Bloom, no shares, Mr. Collinson, no shares, Dr. Craves, 10,000 shares, and Mr. Saxe, 10,000 shares; and (v) all employees of the Company, including all current officers who are not executive officers, as a group: 3,880,860 shares.

ADMINISTRATION

The Stock Plan is administered by the Compensation Committee, which consists of two or more disinterested members of the Board of Directors. Subject to the limitations set forth in the Stock Plan, the Compensation Committee has the authority to determine, among other things, to whom options will be granted and shares will be sold, the number of shares, the term during which an option may be exercised and the rate at which the options may be exercised and the shares may vest.

TERMS OF OPTIONS AND OF SHARES OFFERED FOR SALE

The maximum term of each option that may be granted under the Stock Plan is 10 years. Stock options granted under the Stock Plan must be exercised by the optionee before the earlier of the expiration of such option or the date 90 days after termination of the optionee's employment, except that the period may be extended on certain events including death and termination of employment due to disability.

The exercise price under each option will be established by the Committee; however, the exercise price of an ISO cannot be lower than the fair market value of the Common Stock on the date of grant and the exercise price of a NSO may not be less than the par value per share of the Common Stock. On April 14, 1999, the closing sale price per share for the Common Stock on the Nasdaq National Market was \$23.25. The exercise price must be paid in full at the time of exercise. Under the Stock Plan, the exercise price is payable in cash or, in certain circumstances, Common Stock or by promissory note. The Stock Plan also allows an optionee to pay the exercise price by giving "exercise/sale" or "exercise/pledge" directions. If exercise/sale directions are given, a number of option shares sufficient to pay the exercise price and any withholding taxes is issued to a securities broker selected by the Company, who, in turn, sells the shares in the open market. The broker remits the exercise price and any withholding taxes to the Company from the proceeds of the sale, and the optionee receives any remaining shares or cash. If exercise/pledge directions are given, the option shares are issued directly to a securities broker or other lender selected by the Company. The broker or other lender will hold the shares as security and will extend credit for up to 50% of their market value. The loan proceeds will be paid to the Company to the extent necessary to pay the exercise price and any withholding taxes. Any excess loan proceeds may be paid to the optionee. If the loan proceeds are insufficient to cover the exercise price and withholding taxes, the optionee will be required to pay the deficiency to the Company at the time of exercise.

The terms of any sale of shares of Common Stock under the Stock Plan will be set forth in a common stock purchase agreement to be entered into between the Company and each purchaser. The Committee will determine the terms and conditions of such stock purchase agreements, which need not be identical. The purchase price for shares of Common Stock sold under the Stock Plan may not be less than the par value of such shares. The purchase price may be paid, at the Committee's discretion, with a full-recourse promissory note secured by the shares, except that the par value of the shares must be paid in cash. Shares may also be awarded under the Stock Plan in consideration of services rendered prior to the award, without a cash payment by the recipient.

Options may have such terms and be exercisable in such manner and at such times as the Committee may determine. Common Stock transferred pursuant to the Stock Plan (including shares acquired upon the exercise of certain options) may be subject to repurchase by the Company in the event that any applicable vesting conditions are not satisfied. A holder of shares transferred under the Stock Plan has the same voting, dividend and other rights as the Company's other stockholders.

AMENDMENT AND TERMINATION

The Stock Plan may be amended at any time by the Board of Directors, subject to applicable laws. Unless sooner terminated by the Board of Directors, the Stock Plan will terminate on February 25, 2009, and, following such date, no further options may be granted or stock sold pursuant to such plan except upon the exercise of options granted prior to the termination date.

EFFECT OF CERTAIN CORPORATE EVENTS

In the event of a subdivision of the outstanding Common Stock or a combination or consolidation of the outstanding Common Stock (by reclassification or otherwise) into a lesser number of shares, a spinoff or a similar occurrence, or declaration of a dividend payable in Common Stock or, if in an amount that has a material effect on the price of the shares, in cash, the Committee will make adjustments in the number and/or exercise price of options and/or the number of shares available under the Stock Plan, as appropriate. Such an adjustment was made in connection with the Company's two-for-one stock split effected in the form of a 100% stock dividend paid in November 1997.

In the event of a merger or other reorganization, outstanding options will be subject to the agreement of merger or reorganization. Such agreement will provide for the assumption of outstanding options by the surviving corporation or its parent, for their continuation by the Company (if the Company is the surviving corporation), for payment of a cash settlement equal to the difference between the amount to be paid for one share under the agreement of merger or reorganization and the exercise price for each option, or for the acceleration of the exercis- ability of each option followed by the cancellation of options not exercised, in all cases without the optionees' consent.

CERTAIN FEDERAL INCOME TAX CONSEQUENCES OF OPTIONS UNDER THE STOCK PLAN

Neither the optionee nor the Company will incur any federal tax consequences as a result of the grant of an option. The optionee will have no taxable income upon exercising an ISO (except that the alternative minimum tax may apply), and the Company will receive no deduction when an ISO is exercised. Upon exercising a NSO, the optionee generally must recognize ordinary income equal to the "spread" between the exercise price and the fair market value of Common Stock on the date of exercise; the Company will be entitled to a deduction for the same amount. In the case of an employee, the option spread at the time a NSO is exercised is subject to income tax withholding, but the optionee generally may elect to satisfy the withholding tax obligation by having shares of Common Stock withheld from those purchased under the NSO. The tax treatment of a disposition of option shares acquired under the Stock Plan depends on how long the shares have been held and on whether such shares were acquired by exercising an ISO or by exercising a NSO. The Company will not be entitled to a deduction in connection with a disposition of option shares, except in the case of a disposition of shares acquired under an ISO before the applicable ISO holding periods have been satisfied.

The above description of tax consequences is based upon federal tax laws and regulations and does not purport to be a complete description of the federal income tax aspects of the Stock Plan.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" AMENDMENT OF THE COMPANY'S 1991 STOCK PLAN.

PROPOSAL 3

RATIFICATION OF INDEPENDENT AUDITORS

Upon the recommendation of the Audit Committee, the Board of Directors has appointed the firm of Ernst & Young LLP as the Company's independent auditors for the fiscal year ending December 31, 1999, subject to ratification by the stockholders. Ernst & Young LLP has audited the Company's financial statements since the Company's inception in 1991. Representatives of Ernst & Young LLP are expected to be present at the Company's Annual Meeting. They will have an opportunity to make a statement, if they desire to do so, and will be available to respond to appropriate questions.

Ratification will require the affirmative vote of a majority of the shares present and voting at the meeting in person or by proxy. In the event ratification is not provided, the Board of Directors will review its future selection of the Company's independent auditors.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" RATIFICATION OF ERNST & YOUNG LLP AS THE COMPANY'S INDEPENDENT AUDITORS.

STOCKHOLDER PROPOSALS FOR THE 2000 ANNUAL MEETING

Proposals of stockholders of the Company that are intended to be presented by such stockholders at the Company's 2000 Annual Meeting must be received by the Secretary of the Company no later than December 28, 1999 in order that they may be included in the Company's proxy statement and form of proxy relating to that meeting.

A stockholder proposal not included in the Company's proxy statement for the 2000 Annual Meeting will be ineligible for presentation at the meeting unless the stockholder gives timely notice of the proposal in writing to the Secretary of the Company at the principal executive offices of the Company and otherwise complies with the provisions of the Company's Bylaws. To be timely, the Company's Bylaws provide that the Company must have received the stockholder's notice not less than 60 days nor more than 90 days prior to the scheduled date of such meeting. However, if notice or prior public disclosure of the date of the annual meeting is given or made to stockholders less than 70 days prior to the meeting date, the Company must receive the stockholder's notice by the earlier of (i) the close of business on the 10th day after the earlier of the day the Company mailed notice of the annual meeting date or provided such public disclosure of the meeting date and (ii) two days prior to the scheduled date of the annual meeting.

OTHER MATTERS

The Company knows of no other business that will be presented at the Annual Meeting. If any other business is properly brought before the Annual Meeting, it is intended that proxies in the enclosed form will be voted in accordance with the judgment of the persons voting the proxies.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under the securities laws of the United States, the Company's directors, executive officers and any persons holding more than 10% of the Company's Common Stock are required to report their initial ownership of the Company's Common Stock and any subsequent changes in that ownership to the Securities and Exchange Commission. Specific due dates for these reports have been established and the Company is required to identify in this Proxy Statement those persons who failed to timely file these reports. Dr. Craves failed to file a Form 4 reporting a stock purchase in August 1998. Subsequently, he reported the transaction on an amended Form 5 filed on March 12, 1999. Mr. Whitfield failed to file a Form 4 reporting an option exercise on April 28, 1998. Subsequently, he reported the transaction on an amended Form 5 filed on March 12, 1999. William Delaney was elected Principal Accounting Officer for the Company on June 15, 1998 and thus became required to file a Form

3 within ten days of such election. However, Mr. Delaney filed the Form 3 on January 7, 1999. In making this disclosure, the Company has relied solely on written representations of its directors and executive officers and copies of the reports that have been filed with the Commission.

Whether you intend to be present at the Annual Meeting or not, we urge you to return your signed proxy promptly.

By order of the Board of
Directors.
