- (1) Assumes conversion of all of the holder’s notes at a conversion rate of 89.1385 shares of common stock per \$1,000 principal amount of notes. However, this conversion rate will be subject to adjustment as described under “Description of Notes—Conversion of Notes.” As a result, the number of shares of common stock issuable upon conversion of the notes may increase or decrease in the future.
- (2) Calculated based on Rule 13d-3(i), using 83,855,064 shares of common stock outstanding as of October 27, 2006. In calculating the amount for each holder, we treated as outstanding the number of shares of common stock issuable upon conversion of all of that holder’s notes, but we did not assume conversion of any other notes.
- (3) TQA Investors LLC (“TQA”) shares voting control over these securities with LDG Limited. TQA has sole investment control over these securities. The principals of TQA are John Idone, Paul Bucci, Darren Langis and Andrew Anderson.
- (4) The selling securityholder is a registered broker-dealer.

Assumes that any other holder of notes or any future transferee from any such holder does not beneficially own any shares of our common stock other than the shares issuable upon conversion of the notes at the initial conversion rate.
